Hirel M, Thiriau C, Roho I, Meunier H. (2019). **Are monkeys able to discriminate appearance from reality ?** *Cognition*, (In press). (DOI:10.1016/j.cognition.2019.104123).

Rivière J, Apolline Kurt & Hélène Meunier. (2019). **Choice Under Risk of Gain in Tufted Capuchin Monkeys (*Sapajus apella*) : A Comparison With Young Children (*Homo sapiens*) and Mangabey Monkeys (*Cercocebus torquatus torquatus*).** *Journal of Neuroscience Psychology and Economics*. (DOI:10.1037/npe0000109).

Mateo M, Reynard S, Carnec X, Journeaux A, Baillet N, Schaeffer J, Picard C, Legras-Lachuer C, Allan R, Perthame E, Hillion K-H, Pietrosemoli N, Dillies M-A, Barrot L, Vallve A, Barron S, Fellmann L, Gaillard J-C, Armengaud J, Carbonnelle C, Raoul H, Tangy F and Baize S. (2019). **Vaccines inducing immunity to Lassa virus glycoprotein & nucleoprotein protect macaque after a single shot.** *Science Translational Medicine*, 11:512. (DOI:10.1126/scitranslmed.aaw3163).

Trapanese C, Bey M, Tonachella G, Meunier H, Masi S. (2019). **Prolonged care and cannibalism of infant corpse by relatives in semi-free-ranging capuchin monkeys.** *Primate*. 61(1):41-47. (DOI:10.1007/s10329-019-00747-8).

Greigert V, Brion N, Lang C, Regnard P, Pfaff AW, Abou-Bacar A, Wanert F, Dirheimer M, Candolfi E, Brunet J. (2019). **Cestode infections in non-human primates suggest the existence of zoonotic cycles in the area surrounding the Strasbourg primatology center.** *Parasite*. 26: 25. (DOI:10.1051/parasite/2019025).

Trapanese C, Robira B, Tonachella G, di Gristina S, Meunier H, Masi S. (2019). **Where and what ? Frugivory is associated with more efficient foraging in three semi-free ranging primate species.** *Royal Society Open Science*. 6(5): 181722. (DOI:10.1098/rsos.181722).

Sananès N, Regnard P, Mottet N, Miry C, Fellmann L, Haelewyn L, Delaine M, Schneider A, Debry C, Favre R. (2019). **Evaluation of a new balloon for fetal endoscopic tracheal occlusion in the nonhuman primate model.** *Prenatal Diagnosis*. 39(5): 403-408. (DOI:10.1002/pd.5445).

Trapanese C, Massi C & Meunier H. (2019). **What, where and when : spatial foraging decisions in primates.** *Biological Reviews*. 94(2):483-502. (DOI:10.1111/brv.12462).

2018

Fack V, Shanee S, Vercauteren Drubbel R, Meunier H & Vercauteren M. (2018). **Aggressive encounter between *Lagothrix flavicauda* and *Nasua nasua* at La Esperanza, Amazonas, Peru.** *Neotropical primates*. 24(2): 85-86.

Fack V, Shanee S, Del Viento Santoscoy M, Vercauteren Drubbel R, Meunier H & Vercauteren M. (2018). **Observation of snake (*Colubridae*) predation by yellow-tailed woolly monkeys (*Lagothrix flavicauda*) at El Torro, Peru.** *Neotropical primates*. 24(2): 79-82.

Meunier H. (2018). **The pertinence of Studying Neuroethology in Nonhuman Primates for Human Behavior in groups and organizations.** *Organizational Research Methods*. (DOI:10.1177/1094428118756741).

2017

Canteloup C & Meunier H. (2017). **'Unwilling' versus 'unable': Tonkean macaques' understanding of human intentional action.** *PeerJ*, 5: e3227. (DOI: 10.7717/peerj.3227).

Canteloup C, Poitrasson I, Anderson JR, Poulin N, Meunier H. (2017) **Factors influencing deceptive behaviours in Tonkean macaques (*Macaca tonkeana*).** *Behaviour*, 154(7). (DOI: 10.1163/1568539X-00003443).

Bozek K, Khrameeva EE, Reznick J, Omerbašić D, Bennett NC, Lewin GR, Azpurua J, Gorbunova V, Seluanov A, Regnard P, Wanert F, Marchal J, Pifferi F, Aujard F, Liu Z, Shi P, Pääbo S, Schroeder F, Willmitzer L, Giallisco P, Khaitovich P. (2017). **Lipidome determinants of maximal lifespan in mammals.** *Science Reports*, 7(1):5. (DOI: 10.1038/s41598-017-00037-7).

Fizet J, Rimele A, Pebayle T, Cassel JC, Kelche C & Meunier H. (2017). **An autonomous and automated device to assess concurrently several cognitive functions in non-human primates living in social groups.** *Neurobiology of Learning and Memory*, 145: 45-58. (DOI: 10.1016/j.nlm.2017.07.013).

Meunier H, Cassel JC, Anderson JR. (2017). **An overview of nonhuman primates' communication and social abilities through behavioral and neuroscientific approaches.** *Neuroscience and Biobehavioral Reviews*, 82: 1-2. (DOI: 10.1016/j.nlm.2017.07.013).

Meunier H. (2017). **Do monkeys have a theory of mind ? How to answer the question ?** *Neuroscience and Biobehavioral Reviews*, 82: 110-123. (DOI: 10.1016/j.neubiorev.2016.11.007).

2016

Fizet J, Cassel JC, Kelche C & Meunier H. (2016). **A review of the 5-Choice Serial Reaction Time (5-CSRT) task in different vertebrate models.** *Neuroscience and Biobehavioral Reviews*, 71:135-153. (DOI: 10.1016/j.neubiorev.2016.08.027).

Bardo A, Borel A, Meunier H, Guéry JP & Pouydebat E. (2016). **Behavioral and functional strategies during tool use tasks in bonobos.** *American Journal of Physical Anthropology*, 161:125-40. (DOI: 10.1002/ajpa.23015).

Canteloup C, Piraux E, Poulin N & Meunier H. (2016). **Do Tonkean macaques (*Macaca tonkeana*) perceive what conspecifics do and do not see ?** *PeerJ*, 4: e169. (DOI: 10.7717/peerj.1693).

2015

Canteloup C, Bovet D & Meunier H. (2015). **Intentional gestural communication and discrimination of human attentional states in rhesus macaques (*Macaca mulatta*).** *Animal Cognition*, 18(4): 875-883. (DOI: 10.1007/s10071-015-0856-2).

Defolie C, Malassis R, Serre M & Meunier H. (2015). **Tufted capuchins (*Cebus apella*) adapt their communicative behaviour to human's attentional states.** *Animal Cognition*, 18(3): 747-755. (DOI: 10.1007/s10071-015-0841-9).

Brunet J, Regnard P, Pesson B, Abou-Bacar A, Sabou M, Pfaff AW, Candolfi E. (2015). **Description of vertebral and liver alveolar echinococcosis cases in Cynomolgus monkeys (*Macaca fascicularis*)**. *BMC Veterinary Research*, 11: 198. (DOI: 10.1186/s12917-015-0520-8).

Bardo A, Pouydebat E & Meunier H. (2015). **Do bimanual coordination, tool uses and body posture contribute equally to hand preferences in bonobos ?** *Journal of Human Evolution*, 82: 159-169. (DOI: 10.1016/j.jhevol.2015.02.015).

Canteloup C, Bovet D & Meunier H. (2015). **Do Tonkean macaques (*Macaca tonkeana*) tailor their gestural and visual signals to fit the attentional states of a human partner ?** *Animal Cognition*, 18(2): 451-461. (DOI: 10.1007/s10071-014-0814-4).

Tromp D, Meunier H & Roeder JJ. (2015). **Transitive inference in two lemur species (*Eulemur fulvus* and *Eulemur macaco*)**. *American Journal of Primatology*. 77(3): 338-345. (DOI: 10.1002/ajp.22349).

2014

Brunet J, Pesson B, Chermette R, Regnard P, Grimm F, Deplazes P, Ferreira X, Sabou M, Pfaff AW, Abou-Bacar A, Candolfi E. (2014). **First case of peritoneal cysticercosis in a non-human primate host (*Macaca tonkeana*) due to *Taenia martis***. *Parasit vectors*. 7: 422 (DOI: 10.1186/1756-3305-7-422).

Sanannes N, Ruano R, Weingertner AS, Regnard P, Salmon Y, Kohler A, Miry C, Mager C, Guerra F, Schneider A, Becmeur F, Leroy J, Dimarcq JL, Debry C, Favre R. (2014). **Experimental fetal endoscopic tracheal occlusion in rhesus and cynomolgus monkeys : nonhuman primate models**. *J Matern Fetal Neonatal Med*. 28(15):1822-7. (DOI: 10.3109/14767058.2014.969234).

2013

Canteloup C, Vauclair J & Meunier H. (2013). **Hand preferences on unimanual and bimanual tasks in tonkean macaques (*Macaca tonkeana*)**. *American Journal of Physical Anthropology*, 152(3): 315-321. (DOI: 10.1002/ajpa.22342).

Meunier H, Fagard J, Maugard A, Briseno M, Fizet J, Canteloup C, Defolie C & Vauclair J. (2013). **Patterns of hemispheric specialization for a communicative gesture in different primate species**. *Developmental Psychobiology*, 55(6):662-671. (DOI: 10.1002/dev.21151).

Bourjade M, Meunier H, Blois-Heulin C & Vauclair J. (2013). **Baboons' hand preference for a communicative gesture, but not for a simple manipulative action, is not influenced by spatial factors**. *Developmental Psychobiology*, 55(6): 651-661. (DOI: 10.1002/dev.21128).

Meunier H, Fizet J & Vauclair J. (2013). **Tonkean macaques communicate with their right hand**. *Brain and Language*, 126: 181-187. (DOI: 10.1016/j.bandl.2013.05.004).

Meunier H, Prieur J & Vauclair J. (2013). **Olive baboons communicate intentionally by pointing**. *Animal Cognition*, 16: 155-163. (DOI: 10.1007/s10071-012-0558-y).

2012

Chapelain A, Laurence A, Vimond M, Maille A, Meunier H, Fagard J, Vauclair J & Blois-Heulin C. (2012). **Hand preference and its flexibility according to the position of the object : a study in cercopithecines examining spontaneous behaviour and an experimental task (the Bishop QHP task).** *Animal Cognition*, 15(5): 937-953. (DOI: 10.1007/s10071-012-0520-z).

Meunier H, Vauclair J & Fagard J. (2012). **Human infants and baboons show the same pattern of handedness for a communicative gesture.** *PLoS ONE*, 7(3): e33959. (DOI: 10.1371/journal.pone.0033959).

Meunier H, Molina Vila P & Perry S. (2012). **Participation in groupdefence : Proximate factors affecting male behaviour in wild white-faced capuchins.** *Animal Behaviour*, 83: 621-628. (DOI: 10.1016/j.anbehav.2011.12.001).

2011

Meunier H, Blois-Heulin C & Vauclair J. (2011). **A new tool for measuring hand preference in non-human primates : Adaptation of Bishop's Quantifying Hand Preference task for Olive baboons.** *Behavioural Brain Research*, 218: 1-7. (DOI: 10.1016/j.bbr.2010.11.011).

2008

Meunier H, Petit O & Deneubourg J-L. (2008). **Social facilitation of fur rubbing Behavior in white-faced capuchins.** *American Journal of Primatology*, 70 (2): 161-168. (DOI: 10.1002/ajp.20468).

Meunier H, Deneubourg J-L & Petit O. (2008). **How many for dinner ? Recruitment and monitoring by glances in capuchins.** *Primates*, 49 (1): 26-31. (DOI: 10.1007/s10329-007-0055-0).

Meunier H, Petit O & Deneubourg J-L. (2008). **Resource influence on the form of fur rubbing behaviour in white-faced capuchins.** *Behavioural Processes*, 77(3): 320-326. (DOI: 10.1016/j.beproc.2007.07.007).

2007

Meunier H. & Vauclair J. (2007). **Hand preferences for unimanual and coordinated bimanual tasks in white-faced capuchin monkeys (*Cebus capucinus*).** *American Journal of Primatology*, 69 (9): 1064-1069. (DOI: 10.1002/ajp.20437).

2006
